

### **REMARKS**

Claims 1-5 and 7-29 are pending in the present application. Claims 1, 9, 12, 17, 28 and 29 are independent.

#### **Interview Conducted**

Applicant appreciates the Examiner for the personal Interview conducted with Applicant's representative on March 15, 2007 and for the Interview Summary provided during the Interview.

During the Interview, we discussed the claims as amended by the Amendment filed February 20, 2007 and the prior rejections. As a result, the Examiner tentatively agreed that the amended claims appear to overcome the prior art rejections. See, under part 2 in the Interview Summary, the Examiner stated "the Examiner agreed that prior arts don't meet on the new amendment". Further, some of the claims have been amended to clarify the invention and to enhance the claim scope, as discussed during the interview.

CONCLUSION

For the foregoing reasons and in view of the above clarifying amendments, the Examiner is respectfully requested to reconsider and withdraw all of the objections and rejections of record, and an early issuance of a Notice of Allowance is respectfully requested.

Should there be any matters which need to be resolved in the present application, the Examiner is respectfully requested to contact Esther H. Chong (Registration No. 40,953) at the telephone number of the undersigned below.
